

# Week 06 Worksheet

**Focus:** Prototype build, iterate on feedback

**Objective:** I can improve a prototype using feedback and evaluation criteria.

**Outcome tags:** DI10-2 (WA10DIGDI2), EV10-1 (WA10DIGDTEV1)

## Tasks

- Collect feedback using the form.
- Record at least 3 changes in the iteration log.

## Feedback Form

- What worked well?
- What was confusing?
- One improvement to make.

## Iteration Log

Change	Reason	Result
